

Awesome Email Marketing

Did you know that your sign up form could be **the new secret weapon in your email marketing arsenal?**

If you're wondering how a simple web form could boost sales and sign ups, I've got news for you!

The new [GetResponse Form Builder](#) is a one-stop shop for creating great-looking, customized web-up forms to attract subscribers and turbo-charge sales – no special skills required. And GetResponse couldn't be launching it at a better time!

The Internet today is a kaleidoscope of social media networks, Tweets, blogs, personal websites, fan pages, and so on, with no end in sight. But how many email marketers have their sign up forms where the action is? And if they do, are they interesting enough to attract this savvy online crowd? If your forms aren't there, it's like you've 'closed up shop' and gone home! Can you afford to do that? I sure can't!

Now's the perfect time to create some cool-looking sign up forms and place them center stage with Form Builder – by GetResponse of course. I did, and it was the most profitable 10 minutes I've spent on my business in a while! I wholeheartedly recommend you give it a shot, too!

[Click here](#) to learn more about GetResponse Form Builder.

This application is so easy, so creative, and so smart that you'll be hooked the first time you use it.

Here's the short list of features to show you what I mean – it practically does the work for you!

GetResponse Form Builder Highlights:

- **500+ designer templates** - Save time and money by using one of over gorgeous 500 predefined templates – or customize to meet the needs of your brand and business!
- **Creative drag and drop editor** - Drag and drop as many fields as you want to get the information you need. Changing colors, fonts, size and shape is a snap!
- **Easy customization** - Custom fields and pull-down menu options help you get the segmentation data you need. Add or change links and labels to deliver even more ROI!
- **Dynamic or custom rich media Thank-You pages** - You'll make a great first impression with dynamically generated Thank-You pages. Add the personal touch with video or audio-video to engage new sign ups right from the start!
- **Web form analytics** - Form Builder lets you track how many times each sign-up form was viewed or completed, so you know how well your forms are working for you.

[Give it a try today](#), and start increasing your sign-ups by tomorrow. You'll be glad you did – it's the best sign up tool ever for your business!
